**COMMENTS:** As I explained on the phone this afternoon, the physical files for this case are in the process of being shipped from our former California office to our Minnesota office. The enclosed document appears to be the supplemental amendment that was filed on March 10, 2003. I retrieved this document from our word document library online. Furthermore, the attached Patent Record Sheet report shows that a supplemental amendment was indeed filed on that date. Please let me know if you have any further questions.
